- The auditors of the Company have qualified their opinion on the Consolidated Financial Results based on the opinion of the auditors of subsidiary company JBF RAK LLC on the Consolidated Financial Statements of that subsidiary in respect of recoverability of certain Trade Receivables and Short- Term Loans & Advances and have also reported for the non-classification of Long Term Borrowings to current liability in view of non- compliance of certain covenants as stipulated by the subsidiary' s bankers.

The Management is of the view that all these amounts are recoverable and have been accounted for as per the consistent accounting practice & policy followed by that subsidiary. Delay in recovery of these amounts is due to tight liquidity prevailing in the International Petrochemicals Market.

In respect of classification of Long Term Borrowings into current liability due to non-compliance of certain covenants, the Management has already initiated steps to comply with these covenants and also to get the waiver from the lenders.
